

Fictional Banking Knowledge Base

Training data only. All rules and amounts are invented; do not use as actual bank policy.

ACCT01 | Savings account opening

Adult savings-account applicants provide accepted identity proof, address proof, a photograph and a completed application. A branch verifies eligibility. These are fictional training requirements, not legal guidance.

ACCT02 | KYC updates

Update KYC through the verified portal or branch using accepted identity and current address proof. Never send full identity documents through unverified chat. Branch review determines acceptance.

ACCT03 | Dormant accounts

A demo account becomes dormant after 24 months without customer-initiated transactions. Reactivation requires branch verification, updated KYC and a signed request. The assistant cannot reactivate accounts.
