

Fictional Banking Knowledge Base

Training data only. All rules and amounts are invented; do not use as actual bank policy.

LOAN01 | Home loan documentation

Home-loan applications require identity proof, address proof, income evidence, bank statements and property documents. Credit and property checks determine eligibility. Approval and interest rate are not guaranteed.

LOAN02 | Loan prepayment

Prepayment charges depend on the loan type and signed agreement. Ask the loan servicing team for the applicable schedule. Never invent a fixed prepayment charge or waive a fee.

DEP01 | Fixed deposits

Premature fixed-deposit closure may reduce interest and incur a penalty according to the deposit terms. Verify the signed terms with the branch. Do not promise the original interest rate after early closure.
